

# Lead Paint

# Poisoning

## 1 **Nasty** Problem

Lead paint affects an estimated 90% of Baltimore City properties. Many owners and tenants don't know they have it. Most homeowners, investors, property managers, and renovation contractors don't know how to properly handle it!

## 3 **GREAT** Opportunities!

### **2-Day Lead Maintenance and Repainting Supervisor Training**

- How to properly handle lead in residential properties
- Legal requirements all investors and renovators must know

### **2-Day Lead Worker Training (ofrecido en español)**

- How to properly handle lead in residential properties

### **1-Hour Living More Safely with Lead Training (groups only)**

- Understanding lead dust hazards
- How to clean for lead dust
- Creating a healthy home for you and your family

***Click this link for a list of all 2-Day trainings:***
