Support group for diabetic patients

- When: 1st Monday of each month, 4:30pm -5:30pm
- Where: St. Agnes Hospital (main entrance to the hospital)
900 Caton Avenue
Baltimore, MD 21229
- Contact Information: For more information: (410) 368-8448 or visit www.stagnes.org.

Every Diabetic Counts, Medicare

FREE, diabetes self-management education program designed for underserved Medicare beneficiaries with diabetes. Classes are taught by experienced health educators and are held at easy-to-reach locations in and around the community, including senior centers, senior apartment buildings, churches, and public libraries. Classes usually meet four times—once a week for four weeks—and usually last two hours.

- When: Contact organization for specific dates and times
- Where: Various senior centers and senior housing facilities in Baltimore City
- Contact information: Please contact Trisha Papa at (410) 872-9692 or papat@dfmc.org. Visit <http://www.mdqio.org/consumers/diabetes/index.html> for more information.

every diabetic counts

Living Well with Diabetes

- When: 4th Tuesday of each month, 1:30pm - 3:30pm
- Where: Joslin Diabetes Center
6th Floor, North Hospital
University of Maryland Medical Center
22 S. Greene Street
Baltimore, MD 21201
- Contact Information: Call (410) 328-6584 or visit <http://www.umm.edu/events/>.

Joslin Circle

Living with diabetes isn't easy. Established to give you a place where you can meet and talk with others who face the same daily challenges you do. You'll find a positive, caring environment where you can share your concerns, learn new management approaches, and help others benefit from your own life experiences.

Discussions are led by diabetes educators and a variety of guest speakers. No reservation required. Open to the public and free of charge.

- When: 2nd Tuesday of each month
- Where: Joslin Diabetes Center
6th Floor, North Hospital
University of Maryland Medical Center
22 S. Greene Street
Baltimore, MD 21201
- Contact Information: Call (410) 328-6584 and ask for Joyce Campbell. Visit http://www.umm.edu/joslindiabetes/jos_education.htm for more information.
