Dear Sir:

I refer to the July 1973 "Catalog of Federal Pesticide Monitoring Activities", and wish to request more detailed information regarding Arsenic residues as represented in this book. I need the quantity and types of Arsenic found in these analyses (An Analysis Report).

If there is any charge for this information, we will be glad to send a check for this service. Please send the bill to my attention at the above address.

Thank you for your assistance.

Very truly yours,
